

Annual Report 2015
Co-regulatory Arrangement - National Television
and Computer Recycling Scheme

Ecycle Solutions Pty Ltd Annual Report 2015

Introduction

The National Television and Computer Recycling Scheme (NTCRS) commenced on 1 July 2012 and is an Australia-wide scheme to recycle e-waste including end-of-life (EOL) waste televisions (TVs), computers and computer products such as printers and scanners. Ecycle Solutions Pty Ltd is an Australian Government Approved Co-regulatory Arrangement within the NTCRS.

Ecycle Solutions' Annual Report provides information about the company's collection and recycling activities during the period 1st July 2014 to 30th June 2015. The report covers the following areas:

1. QLS Group Overview
2. Ecycle Solutions Overview
3. Membership
4. Service providers
5. OHS and Environment
6. Collection Services
7. Recycling
8. Compliance

1. QLS Group Overview

Ecycle Solutions is a member of the QLS Group, a national warehousing, logistics and distribution business specialising in providing secure and reliable warehousing solutions for bulky white and brown goods. The business has experienced consistent growth in recent years and offers over 57,000 square metres of purpose-built warehousing space nationally, providing exceptional security and reliability for our clients. Combined with our own transport fleet and strategic alliances, QLS Group has Australia covered.

The QLS aims to achieve customer service excellence and develop strong relationships with our customers. As such the in-field sales team, regional agents, customer service team, as well as our delivery drivers, seek feedback to improve our service & delight our customers. In FY2015 QLS delivered approx. 50,000 tonnes of freight via its modern fleet of 75 company owned vehicles including B double line haul vehicles and team of sub-contractors.

2. Ecycle Solutions Overview

A new and innovative method of collecting and recycling e-waste is provided by Ecycle Solutions as a co-regulatory arrangement within the Australian government's National Television and Computer Recycling Scheme.

Ecycle Solutions provides the general public with a recycling solution for their end-of-life televisions and computers (e-waste) via a free drop-off service at participating retail stores including Harvey Norman, The Good Guys, Radio Rentals, RT Edwards, Bing Lee, Beta Home Living and Bi-Rite. At the heart of Ecycle Solution's system is QLS' national transport capability regularly visiting metropolitan, regional, and country retail stores throughout Australia. As QLS drivers deliver white and brown goods to retail stores they collect purpose built e-waste bins full of televisions and computers which are then recycled.

The service can be accessed by delivering 'end of life' television or computer equipment to any of the stores contained in Appendix 1 or 2. It is free of charge, the nominated site is required to accept it & there is no obligation to purchase a replacement. Should you require any assistance please direct your enquiry to Ecycle Solutions on 1300 432925 or our Head Office at Dandenong (03) 97065966 or the website www.ecyclesolutions.net.au

Ecycle Solutions also offers retail stores a collection and recycling service for white and brown goods packaging materials including plastic, cardboard and EPS (polystyrene) thereby increasing recycling within the industry's supply chain.

4. Service Providers

- **SRS Recycling Pty Ltd – Recycler** – for the past two years & ongoing to Ecycle Solutions – Victorian operations. SRS is a well managed business with a strong social conscience as an employer of people with disabilities.
- **SIMS Recycling Pty Ltd – Recycler** – an alliance was forged in March 2014 this strong, blue chip public company. It is Australiawide & will enable both organisations to develop a stronger business model. This alliance was terminated on the 3rd June 2015, as both parties seek alternative arrangements for 2015/2016.
- **Aspitech – Recycler** provides our on-going recycling service in South Australia.
- **City Mission** is located in Launceston & provides recycling services for our Tasmanian collections.
- **Quantum Recycling Solution** is a Victorian based recycler and is a relationship forged late in FY2015. This will provide Ecycle with scope & flexibility for our recycling requirements in 2015/2016.
- **QLS Group – Collections and transport** – our parent company, enabling the group to leverage off existing logistics infrastructure for retailers and provide a comprehensive & efficient collection service for this program.

5. OHS and Environment

OHS and Environment Incidents

There were no notifiable OHS (Occupational Health and Safety) and Environment incidents, or breaches of the relevant legislation during the reporting period, including the collection, transportation, storage or recycling of televisions & computer products.

Actions

Actions taken during the year to assess the adequacy of the OHS and Environment policies and procedures as a part of the ongoing adequacy assessment regime included:

- Site inspections of QLS logistics systems in VIC, NSW, QLD and WA.
- Site inspection & audit of Surplus Recycling Solutions recycling system.
- Site Inspection of Aspitech - SA
- Site Inspection of SIMS Recycling
- In 2015/2016, Ecycle plan to conduct regular workshop meetings to leverage of the combined initiatives of our service providers. We will aim to create an OHS&E environment that is considered 'best practice'.

6. Collection Services

The collection services for year ended 30th June 2015 comprised the following volumes:

- Collections from States & Territories – 1,778.11 tonnes
 - The above includes 11.60 tonnes obtained from Members
