The business has experienced consistent growth in recent years and offers over 57,000 square metres of purpose-built warehousing space nationally, providing exceptional security and reliability for our clients. Combined with our own transport fleet and strategic alliances, QLS Group has Australia covered.

The QLS Group aims to achieve customer service excellence and develop strong relationships with our customers. As such the in-field sales team, regional agents, customer service team, as well as our delivery drivers, seek feedback to improve our service & delight our customers. In FY2018 QLS delivered 2.8 million electrical appliances via its modern fleet of 100+ company owned vehicles including B double line haul vehicles and team of sub-contractors.

## 2. Ecycle Solutions Overview

A new and innovative method of collecting and recycling e-waste is provided by Ecycle Solutions as a Co-Regulatory arrangement for the NTCRS.

Ecycle Solutions provides the general public with a recycling solution for their end-of-life televisions and computers (e-waste) via a free drop-off service at participating retail stores including Harvey Norman, The Good Guys, Radio Rentals, RT Edwards, Betta Home Living and Bi-Rite. At the heart of Ecycle Solution's system is QLS' national transport capability regularly visiting metropolitan, regional, and country retail stores throughout Australia. As QLS drivers deliver white and brown goods to retail stores they collect purpose built e-waste bins full of televisions and computers which are then recycled.

*The service can be accessed by delivering 'end of life' television or computer equipment to any of the stores contained in Appendix 1. It is free of charge, the nominated site is required to accept it & there is no obligation to purchase a replacement. Should you require any assistance please direct your enquiry to Ecycle Solutions on 1300 432 925 or our Head Office at Dandenong (03) 9706 5966 or the website [www.ecyclesolutions.net.au](http://www.ecyclesolutions.net.au)*

Ecycle Solutions also offers retail stores a collection and recycling service for white and brown goods packaging materials including plastic, cardboard and EPS (polystyrene) thereby increasing recycling within the industry's supply chain.
