Products

Co-regulatory arrangement total recycling outcome for the financial year: **5,012.8 tonnes**

Material recovery rate achieved by the co-regulatory arrangement for the financial year: **93.8 %**

Products Collection

1) Weight of the products stored at a facility other than at a recycling facility at the end of the financial year.

Product Class	Weight (tonnes)
Television or Computer Product	0.00

2) Weight of the products collected under the co-regulatory arrangement and delivered to a recycling facility, including collection by service providers and members of the arrangement, during the financial year.

Product Class	Weight (tonnes)
Television or Computer Product	5,042.72

3) Weight of the products collected, delivered and stored as whole units at a recycling facility at the end of the financial year.

Product Class	Weight (tonnes)
Television or Computer Product	88.93

4) Weight of the products bought or otherwise obtained from other co-regulatory arrangements during the financial year. Provide the names of the co-regulatory arrangements from which the products were obtained.

Product Class	Obtained From	Weight
Television or Computer Product	[REDACTED]	4.82

5) Weight of the products collected but sold or otherwise provided to other co-regulatory arrangements during the financial year. Provide the names of the co-regulatory arrangements to which the products were provided.

Product Class	Provided To	Weight
Television or Computer Product	NA	0.00

Products Recycling

6) Weight of the products collected and delivered to a recycling facility where recycling was in progress at the end of the financial year.

Product Class	Weight (tonnes)
Television or Computer Product	0.00

7) Weight of the products recycled under the co regulatory arrangement by the arrangement's service providers (i.e. excluding products recycled independently by members), during the financial year.

Product Class	Weight (tonnes)
Television or Computer Product	5,012.78

8) Weight of the products recycled under the co-regulatory arrangement by members of the arrangement during the financial year (i.e. member's contributions towards the arrangement's total recycling effort).

Product Class	Member name	Weight (tonnes)	Free Collection	Non Brand / type specific	Meets reasonable access
Television or Computer Product	N/A	0.00	No	No	No

9) Weight of the recycled materials stored in a facility at the end of the financial year.

Product Class	Weight (tonnes)
Television or Computer Product	29.92

Products Diverted

10) Weight of the products collected by co regulatory arrangement and delivered to recycling facility but diverted as whole units to landfill, during the financial year.

Product Class	Weight (tonnes)
Television or Computer Product	0.00

11) Weight of the products collected under the co regulatory arrangement and delivered to recycling facility but diverted as whole units for re use, during financial year .

Product Class	Weight (tonnes)
Television or Computer Product	0.00

Products Excess

12) Total weight of excess of recycled products from previous financial year.

Product Class	Financial year	Weight (tonnes)
Television or Computer Product	12/13	0.00

13) Total weight from the eligible excess weight claimed against the recycling target for the financial year.

Product Class	Excess weight claimed (tonnes)
Television or Computer Product	0.00

Recycled Materials

14) Weight of material recovered from the recycled products.

Product Class	Material	Weight (tonnes)
Television or Computer Product	Metal	3,928.47
Television or Computer Product	Plastic	123.13
Television or Computer Product	Lead glass	26.85
Television or Computer Product	Non lead glass	127.45
Television or Computer Product	Circuit Board	493.61
Television or Computer Product	Other-null	0.00

15) Weight of material sent for disposal from the recycling of products.

Product Class	Material	Weight (tonnes)
Television or Computer Product	Lead glass	2.84
Television or Computer Product	Metal	200.13
Television or Computer Product	Other-null	2.70
Television or Computer Product	Other-null	5.62
Television or Computer Product	Other-null	2.14
Television or Computer Product	Other-null	7.83
Television or Computer Product	Plastic	100.38
Television or Computer Product	Non lead glass	2.35
Television or Computer Product	Other-null	17.85

Products Exported

16) Weight of the products exported as whole units for recycling by the co-regulatory arrangement during the financial year.

Exported Name	Permit Number	Product class	Weight	Final Destination Country
N/A	N/A	Television or Computer Product	0.00	Australia

17) Weight of the recycled fractions from recycled products exported for processing under the co-regulatory arrangement during the financial year.

Exporter Name	Product class	Weight	Final Destination Country
N/A	Television or Computer Product	0.00	Australia

Processed Material

18) Weight of useable material recovered from the recycling of the products.

Material	Weight (tonnes)
Usable material recovered	4,699.51

19) Weight of non-useable material sent to landfill from the recycling of products.

Material	Processing Facility	Weight (tonnes)
Non-usable material	Domestic	341.84
Non-usable material	Overseas	0.00
