HERITAGE GRANTS

Australia's unique heritage is central to our national identity. It is a source of national and community pride, and a significant contributor to our economic development and prosperity.

The Australian Government is providing funding over three years for Heritage Grants. Heritage Grants are designed to help protect and conserve Australia's nationally significant historic icons and sites and assist communities to be engaged and involved in heritage through conservation, stories, celebrations and events.

Heritage Grants consist of two programme components:

Protecting National Historic Sites

Funding of up to \$13.2 million (GST exclusive) is available over three years from 2014-15. This component will provide funding to support the conservation, protection and management activities for historic places on Australia's National Heritage List. There are currently 57 sites listed for their historic values on the National Heritage List. Guidelines for this component of Heritage Grants will be available in early 2015. For up-to-date information go to www.environment.gov.au/topics/heritage/heritage-grants-and-funding.

Community Heritage and Icons Grants

Funding of up to \$1.4 million (GST exclusive) is available over three years from 2014-15. Up to \$467,000 (GST exclusive) is available in 2014-15. Of this funding, up to \$337,000 (GST exclusive) is available through these guidelines.

In 2014-15, the Australian Government will support community groups across Australia by offering grants of between \$2,500 (GST exclusive) and \$10,000 (GST exclusive) through the competitive funding component of Community Heritage and Icons Grants. This component will provide funding to support community engagement with the places that are on Australia's National Heritage List.

These guidelines are for the Community Heritage and Icons Grants 2014-15 only. For more information on Heritage Grants, go to www.environment.gov.au/topics/heritage/heritage-grants-and-funding.

PART 1 – COMMUNITY HERITAGE AND ICONS GRANTS PROGRAMME 2014-15 OVERVIEW

1.1 Overview

The Australian Government's plan for a cleaner environment rests on four pillars: clean air, clean land, clean water and heritage protection. The Community Heritage and Icons Grants Programme is a key component of heritage protection.

From places that define who we are and tell the story of our country's past, to the places that reflect our evolving heritage and where we are going, Australia's National Heritage List is representative of Australia. A focus on Australia's National Heritage Listed places will ensure they are protected for future generations. Heritage assists us in maintaining our sense of community pride and national identity. Community engagement with these places of national significance will assist in the places being accessible, understood and celebrated.

Up to \$337,000 (GST exclusive) is available in 2014-15 on a competitive basis for community projects with a focus on Australia's National Heritage Listed places from a total commitment of up to \$1.4 million (GST exclusive) over three years.

Funding has also been approved for two discretionary grants:

- \$150,000 (GST exclusive) over three years to the Australian Heritage Council; and
- \$240,000 (GST exclusive) over three years to the Federation of Australian Historical Societies.

The Australian Government will support individuals, community groups and local governments across Australia by offering funding between \$2,500 (GST exclusive) and \$10,000 (GST exclusive) through the Community Heritage and Icons Grants 2014-15. Funding will be available on a competitive basis for Projects that support community engagement and awareness of places on Australia's National Heritage List. The National Heritage List is available at <http://www.environment.gov.au/heritage/places/national-heritage-list> .

1.2 Objective and Outcomes

The **Objective** of the Community Heritage and Icons Grants 2014-15 is to:

- ✓ support community engagement and raise awareness of places recognised on Australia's National Heritage List for their outstanding heritage value to the nation.

All Applications will undergo an eligibility assessment to confirm that all eligibility criteria have been met (see Part 2). Applications that do not meet the eligibility criteria will be deemed ineligible and will not proceed further in the assessment process. The Applicant's response to the declaration requirements will also be considered.

Eligible Applications will be assessed on how well they address the assessment criteria outlined in part 5.3 of these Guidelines. As there are limited funds available through Community Heritage and Icons Grants 2014-15, all Applications will be assessed and ranked on their merit based on information provided in the Application form and relative to other Applications with the same focus. The Department reserves the right, at its sole and absolute discretion, to exclude from further consideration, those Applications that do not contain sufficient information on which to make an assessment.

The assessment process will determine whether the eligible Applications represent an efficient, effective, economical and ethical use of Commonwealth resources, as required by Commonwealth legislation; and whether any specific requirements will need to be imposed as a condition of funding.

5.3 Assessment criteria

Outlined below are the assessment criteria against which each eligible Application for Community Heritage and Icons Grants 2014-15 will be assessed. All assessment criteria are weighted equally.

All Applicants will be notified in writing of the outcome of their Application. Details of successful Applications will be published on the Department's website. All Applicants may request feedback on their Application (see Part 8 for the Department's contact details).

PART 6 - CONDITIONS OF RECEIVING A GRANT

6.1 Funding Agreement

All funding for the Community Heritage and Icons Grants 2014-15 will be administered by the Department. The Department will enter into a funding agreement with each successful Applicant (referred to in this part as the **Recipient**).

A funding agreement is a legally enforceable, performance-based contract between the Department and a Recipient that sets out the terms and conditions governing the funding to be provided to the Recipient under the Community Heritage and Icons Grants 2014-15. A Recipient will be legally responsible for ensuring all of the obligations under the terms and conditions of the funding agreement are met. All Project funding payments are subject to the successful Applicant entering into and complying with the terms and conditions of a funding agreement.

The Department may withdraw the offer of funding if the funding agreement is not signed by the successful Applicant within the timeframe determined by the Department. A sample draft funding agreement will be made available at www.environment.gov.au/topics/heritage/heritage-grants-and-

[funding](#) and sets out the proposed terms and conditions of receiving funding under the Community Heritage and Icons Grants 2014-15.

If an Application from the trustee of a trust (see part 2.1) is successful, a copy of the trust deed, including all amendments, must be provided to the Department prior to execution of the funding agreement. When providing the trust deed:

- ✓ provide a copy of the whole executed trust deed, along with any amendments to the deed
- ✓ certify the trust deed with a statement that “All changes to this trust deed, subsequent to its commencement, have been provided to the Department with this copy of the trust deed”.

By entering into a funding agreement, the Recipient will need to warrant that they have no overdue final reports and/or acquittals for previous Australian Government grants, for example: Your Community Heritage; Community Environment Grants; Community Landcare Grants; Grants to Voluntary Environment, Sustainability and Heritage Organisations; and/or any ad hoc Australian Government related grant.

Applicants are expected to read the sample draft funding agreement in conjunction with these Guidelines and familiarise themselves with all its terms and conditions. Without limiting the need for Applicants to read the sample draft funding agreement, some key requirements of the funding agreement are outlined in the following parts.

6.2 Legal requirements and approvals

All Projects must comply with relevant Commonwealth, state, territory and local authority laws, including (as applicable) environmental, heritage, cultural heritage, planning and animal welfare laws. The funding agreement will specify this requirement, and action may be taken to terminate the Project or retrieve Project funds where such laws have not been complied with.

6.3 Monitoring and reporting

In line with standard Australian Government audit and evaluation requirements, all funded Projects will be subject to financial and performance monitoring and evaluation to ensure that they meet performance indicators as detailed in the funding agreement.

The outcomes of Project activities will be measured against one or more performance indicators relevant to your Project. Performance indicators will be determined by the Department based on information provided in your Application. Examples of the types of information to be measured may include:

- ✓ how well the Project facilitates understanding and appreciation of the heritage values of the National Heritage Listed place
- ✓ the benefits to the community
- ✓ how the Project has built community capacity including traditional/heritage skills
- ✓ how the Project has contributed to a shared sense of community and a sense of identity.

The Department will monitor the progress of Projects and may conduct Project site visits where necessary.

All Recipients will be required to submit a final report, financial statement, and a statutory declaration as part of the delivery of their Project. You will need to keep written records of your activities and

monitor the results. This information will help you to evaluate and report on the success of your Project. Staff from the Department may contact you to check how your Project is progressing, or to arrange a visit to the Project site.

You must keep proper accounting records for all Project costs, including co-contributions, and submit a financial statement (see part 6.9).

Recipients may be required to provide information to the Department to assist with any evaluation of the Community Heritage and Icons Grants 2014-15.

6.4 Payments

Payment of the grant will be made in accordance with the schedule included in an executed funding agreement. A Recipient must not commence work on the Project before a funding agreement is executed with the Department. Payment will not be backdated for activities that commenced before the execution of the funding agreement, and no payments will be made unless a funding agreement has been executed. The funding agreement will include provision for the Department to seek repayment of funds that are found not to have been spent in accordance with the purposes specified in the funding agreement.

GST will be applied to payments based on the Recipient's GST status at the time of Application unless the Department is notified of a change at the time of entering into a funding agreement.

6.5 Taxation

Payments may give rise to assessable income. The amount, if any, included in assessable income will depend on the circumstances of each Recipient, and the precise terms and conditions under which the entitlement arises. Applicants are encouraged to seek independent legal and financial advice about the implications of receiving funding under the Community Heritage and Icons Grants 2014-15 before entering into a funding agreement with the Department.

6.6 Insurance

Recipients must ensure that, at the time of entering into the funding agreement they hold the required insurance(s) for the level and duration specified in the funding agreement. The Department may require the Recipient to provide copies of the relevant certificates of currency for their insurance at any time during the term of the funding agreement (and beyond as applicable).

6.7 Document retention

A condition of funding will be that Recipients retain records and accounts as specified in the funding agreement.

6.8 Work Health and Safety

Work Health and Safety (WHS) is a high priority for the Community Heritage and Icons Grants 2014-15.

Recipients must comply (and ensure that all parties involved in the Project, including any subcontractors, comply) with the provisions of all relevant statutes, regulations, by-laws and requirements of any Commonwealth, state, territory or local authority WHS Laws.

Recipients will be responsible for identification and assessment of safety risks, identification and

implementation of mitigation strategies to address such risks, and for ensuring the safety of any participants in the Project.

Recipients will be required to provide a safe work environment and appropriate safety equipment for all Project participants and ensuring safe access to Project sites where work is being carried out.

6.9 How will Projects be acquitted?

Recipients must keep proper accounting records for all Project costs, including cash contributions. As a Recipient of public monies, Recipients are obliged to report on the financial and practical progress of the Project undertaken. For Projects funded under the Community Heritage and Icons Grants 2014-15, Recipients who are groups will need to prepare/submit a financial statement signed/agreed by the organisation's Chief Executive Officer and Treasurer/Chief Finance Officer (or their equivalents). A financial template will be available at www.environment.gov.au/topics/heritage/heritage-grants-and-funding.

Recipients who are individuals will be required to submit a financial statement prepared by an independent qualified accountant (for individuals only, up to \$500 (GST exclusive) of grant monies can be used for this purpose). This will involve the independent qualified accountant examining the Project's records and certifying that all funds have been expended in accordance with the funding agreement. Individuals will also be required to sign and submit a statutory declaration declaring that funds have only been used on approved Project activities as per the funding agreement.

Once the Project is completed, Recipients must acquit their Project. Applicants should consider this when preparing their Project budgets. The timeframe for final acquittal will be set out in the funding agreement and is normally within 40 business days of the agreed completion date for the Project.
