

PERMIT APPLICATION FORM

Commercial image capture and use in Booderee National Park

(includes filming, photography, sound recordings and artwork)

Booderee National Park is a Commonwealth reserve established under the *Environment Protection and Biodiversity Conservation Act 1999* (the EPBC Act) to manage the environment of the region for the benefit of all people, present and future. The Director of National Parks, also established under the EPBC Act, uses a permit system to help regulate some activities. Permits may be issued subject to conditions that help to identify, protect, conserve and manage biodiversity, heritage and other values of Commonwealth reserves. This is a system through which industry and the public can share in the responsibilities of managing and protecting the park.

When a permit is required

You will need to apply for this permit if you wish to conduct filming, videoing, photography or art in or of Booderee National Park for commercial purposes. Commercial purposes means carrying out an activity with intent of a reward, i.e. money, merchandise or services, or the possibility of future reward (if done for financial reward or commercial gain, under contract or consignment for another person, and/or with a view to being sold or hired out, or for promotion/advertising of a product or service).

Please make sure you and your staff (if any) are familiar with, and adhere to, the permit conditions of any permits you are issued with. Breaching permit conditions may lead to the permit being suspended or cancelled.

Permit fees

Permit application fees are payable under the *Environment Protection and Biodiversity Regulations 2000*. The fees are:

- Filming (includes video recording) AUD \$250 per day or part day
- Still Photography / Artwork / Audio Recording AUD \$10 per day or part day

Using an existing image of Booderee National Park

If you want to use an existing image of the park you do not need to fill out this application, but will need to contact park staff on 02 4442 1006 or email booderee.permits@environment.gov.au regarding permissions and acknowledgement that might be required.

Working with traditional owners

Projects that seek to involve traditional owners are welcomed. If you wish to involve traditional owners in your image capture, please provide those details in your permit application as traditional owners will need to be consulted.

Public liability insurance

You will need to provide a certificate of public liability insurance showing that you, your staff and contractors are covered for the proposed image capture and use. Your public liability insurance needs to be with an insurer that is approved by the [Australian Prudential Regulation Authority](#), and for at least \$20 million for each and every event. Please contact the park if you are unable to meet this requirement.

Apply well in advance

Please allow a minimum of 28 days for the permit application to be processed. If you require a permit in less than 28 days' time, please contact the park on 02 4442 1006 (if calling from within Australia) or 61 2 4442 1006 (if calling from overseas), or email booderee.permits@environment.gov.au.

Park briefing

Once you are granted a permit, you and your staff (if any) are required to attend a briefing by park staff before you commence your image capture. Briefings are conducted at the Booderee National Park Administration Office, during normal business hours of 9am to 5pm. Please nominate your preferred time in your permit application.

2. The permittee must not conduct the permitted activity unless the permittee has signed and submitted the agreement with the park.

Part VIIC of the *Crimes Act 1914* includes provisions that, in certain circumstances, relieve persons from the requirement to disclose spent convictions and require persons aware of such convictions to disregard them

² Such an offence includes, for an offence under such a law, section 6 of the *Crimes Act 1914* or sections 11.1, 11.4 or 11.5 of the Criminal Code (which deal with being an accessory after the fact, attempting to commit offences, inciting to or urging the commission of offences by other people and conspiring to commit offences) or an equivalent provision of a law of a State or Territory

17. The permittee must ensure that appropriate risk management systems, strategies and procedures are in place to minimise foreseeable risks to the permittee's staff, authorised participants, members of the public, and the environment and heritage values of the park, and must produce evidence of such systems, strategies and procedures as requested by the Director.

Note: Suitable templates for risk management systems are available from Parks Australia. They represent the minimum acceptable standard for a risk management system. Permittees are encouraged to develop more detailed risk management systems.

18. The permittee is responsible for the safety, well being and behaviour of the permittee's staff and authorised participants, and must take all reasonably practicable steps to ensure that no person is exposed to risks to their health or safety whilst in the park.
19. If the permittee or any of the permittee's staff or authorised participants is killed, injured, becomes ill, goes missing, or is involved in a dangerous incident while in the park, a member of park staff must be notified as soon as possible and the permittee and the authorised participant must comply with any requests or directions from a member of park staff in relation to the safety of that person or any other person.

- before the permittee commences to conduct the permitted activity; and
 - on each occasion when the policy is renewed or when a new policy is taken out; and
